Cab and Chassis

Call for price - depends on size
and options.

**Worried about price? Scroll to the last page
deductions section to see ways to save.**

Base Model Includes

- Wood Deck (2 x 6 tongue and groove for minimal warping and longevity)
- Substitute Trex or steel deck for extra
- Lifetime Warranty LED Tail lights, markers, and work lights.
- Gooseneck Ball Cover (if needed)
- Tapered Rear Tail for superior strength and style.
- Stake pockets - build your own bed rails or order from us.

Installation Includes

- Stock Bed Removal
- Installation of Flatbed with mud flaps, fuel and DEF hookups, and - if needed - backup camera (\$50) and parking sensors (\$150)
- Cab Rack LED work lights wired into a cab switch.
- When you leave the shop, it will be ready to go to work.
